The London Recovery Programme

London Recovery Programme and Green New Deal Mission

19th November 2020
THE LONDON RECOVERY PROGRAMME

We have one grand challenge

*Restore confidence in the city, minimise the impact on London’s communities and build back better the city’s economy and society.*

9 Missions, shaped by 3 key dimensions

In response to this Grand Challenge, we have developed a set of missions, shaped by 3 key dimensions.

1. Key Outcomes
2. Cross-Cutting Principles
3. Engagement
THE LONDON RECOVERY PROGRAMME

Key Outcomes

Reverse the pattern of rising unemployment and lost economic growth caused by the economic scarring of Covid-19.

Support our communities, including those most impacted by the virus.

Narrow social, economic and health inequalities.

Accelerate delivery of a cleaner, greener London.

Help young people to flourish with access to support and opportunities.
THE LONDON RECOVERY PROGRAMME

Cross-Cutting Principles

Recognising and addressing structural inequalities, promoting a fairer, more inclusive London and focusing on supporting the most vulnerable.

Prioritising sustainability, mitigating climate change and improving the resilience of our city.

Collaborating and involving London’s diverse communities.

Improving the health and wellbeing of all Londoners.

Innovating and using digital technology and data to meet emerging needs.

Ensuring affordability of measures and providing value for money.

A GREEN NEW DEAL

Mission

Tackle the climate and ecological emergencies and improve air quality by doubling the size of London’s green economy by 2030 to accelerate job creation for all.

Approach

We propose to achieve the mission through large scale transformation by 2030, requiring new approaches, greater coordination, faster action, citizen buy-in, the devolution of powers and funding from national government, and substantial flows of private sector capital.

- **Short term (by March 21):** Immediate acceleration of job creation in the green economy and reduce vulnerabilities & inequalities highlighted by Covid-19
- **Medium term (by March 23):** Transformative action to drive decarbonisation of transport, buildings, public realm and lifestyles in the context of addressing widespread inequalities
- **Long term (by 2030):** Scaled up & sustainable long-term action for a just transition to meet our 2030 vision

Lead Organisations & Partners:
Convening a Green New Deal Advisory Panel and co-design action plans with delivery partners through 'deep dive' workshops across 15 project areas. Three aimed for Winter 2021: Retrofit, Zero Emission Zones and Greener and Resilient Public Realm.
